	Outer	3-Point ELR and ALR*2	←

\*1: Emergency Locking Retractor  
\*2: Automatic Locking Retractor

2. Center Seat Belt of Rear Seat

- A 3-point ELR seat belt for the center seat of the rear seat has been adopted and enclosed in the ceiling.
- A release button has been provided so that the buckle can only be released intentionally such as during the removal or the tumbling of the seat. The release button is shaped in such a way that it cannot be pressed with a finger, but with an ignition key or some other strong pointed object.
